Brief technical description:

Brand new PLC+touch screen control system, German manufacturing technology,
1000W Wade servo motor ensures hundreds of percent accuracy in turning,
and the maximum idle speed of the machine head can reach150rpm;
86 stepper motor ensures exquisite wiring;
fully automatic/manual setting of product forward and reverse direction
fully automatic/manual control of wire spacing; fully automatic/manual addition and subtraction of winding speed; Specially packaged small inside hole core.

SPECIFICATION:

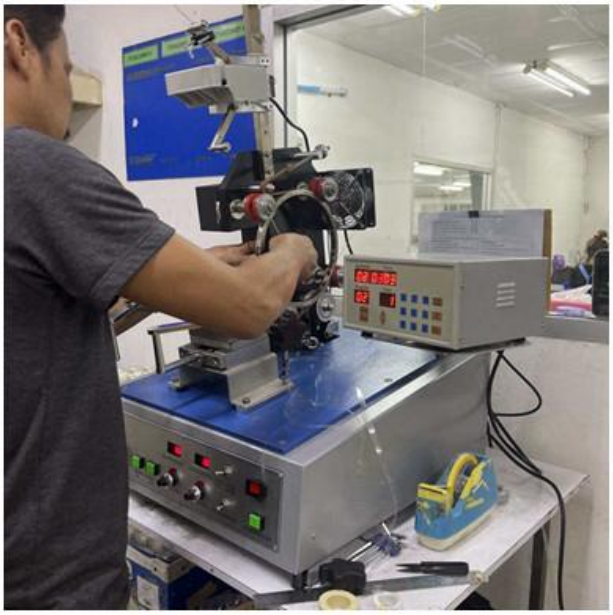

Tape width	**4-8mm**
Minimum finish inner diameter	**12.5mm**
Maximum completion height	**50mm**
Maximum finish outer diameter	**25-80mm**
Max speed	**500rpm**
Tape Magazine diameter	**150mm**

PRACTICAL APPLICATION :

TRAINING CUSTOMER TO OPERATE WINDING MACHINE:
1.All service engineers with 10 years of experience have received special technology training, enabling them to handle various breakdown problems, including those of the KX-70T Toroidal Transformer Warpping machine.
2.Guide the user to accurately use and maintain the KX-70T Toroidal Transformer Warpping machine. Provide free consultation about the production process technology of electronic products.
3.In order to ensure the normal use of the KX-70T Toroidal Transformer Warpping machine, we will conduct training on how to operate, use and maintain this product through English manuals, videos, and online guidance.

PACKAGING:

Packaging Material: Carton/Wooden case with foam inside.
1.General package(Paper carton or plastic bag): For small euipped parts for Hook Type Transformer Winding
Machine, Package it with form and pack paper to guarantee unbroken during the transport.
2.Wooden case package: For larger scale Hook Type Transformer Winding Machine,we have special skilled
carpenter, who would make the proper wooden case with exact thickness,density,length. The

up arrow ↑marked on the outer wooden case. Buffer material would be put in the wooden cas e to prevent crack and shock.

FACTORY:

We, KIOXIA LIGHT RING EQUIPMENT GROUP CO.,LTD., have been experts in winding machine lines for 28 years, with our specialized product range covering not only core winding equipment but also supporting solutions like the KX-70T Toroidal Transformer Warpping machine—a dedicated device engineered for precise wrapping of toroidal transformers, embodying our comprehensive capabilities in the full toroidal component manufacturing process.

Our KIOXIA LIGHT RING brand holds authoritative certifications and recognitions, including ISO9001:2015, CE approvals, multiple machine patents (encompassing technical innovations applied to models like the KX-70T Toroidal Transformer Warpping machine), and the official title of "high-tech enterprise" awarded by the government. These credentials fully validate the reliability, safety, and technical excellence of our entire product portfolio, reinforcing our commitment to delivering professional winding and supporting equipment solutions.
